4.0 Background

On January 28th, 2023, Committee of the Whole held a special meeting at the Walter Gretzky Golf Course for the purposes of conducting a Strategic Planning Priority Setting exercise. The exercise was conducted by Tania Caza, TanGo Consulting, an external consultant.

At the meeting Ms. Caza presented her findings of the pre-consultation meetings that were held with internal and external stakeholders including members of council and provided of an overview of the exercise.

Committee was divided into 3 breakout sessions to conduct further discussion regarding the council priorities. When the breakout rooms were complete, one representative from each group presented the results of their group to Committee.

Members of Committee were then asked to rank their priorities from 1 to 10 (1 being most important) using a software application called MentiMeter. The software then simultaneously sorted the priorities considering the rankings of all members of Committees concluding with one list of priorities.

5.0 Conclusion

Ms. Caza and Sasha Hill-Smith, Manager of Government Relations and Corporative Initiatives were given instruction to compile the data and bring a report to Council consolidating their recommendations attached hereto.
