
amendments additionally define enforcement measures and responsibilities related to contraventions of the By-law.

Amending the By-law is required for administration and enforcement of the new organic waste collection program (Green Bin Program) and to clarify the content of the By-law. If approved, the new By-law will come into effect on November 1, 2023.

There are no direct Financial or Climate and Environmental impacts related to this Report.

5.0 Purpose and Overview

This report is seeking Council approval of the amendments to Chapter 440 of the Brantford Municipal Code that reflect operating practices and material preparation requirements to participate in the new organic waste collection (Green Bin Program).

6.0 Background

The City Council approved Report No. 2022 – 77, “Proposed Green Bin Program Implementation”, on February 23, 2022. The report can be found at the link:

<https://forms.brantford.ca/pdfs/Proposed%20GreenBinProgramImplementation-2022-77.pdf>.

As per the approval, implementation of the Green Bin program will begin on November 1, 2023. The implementation of the Green Bin Program is estimated to assist in achieving the residential diversion rate to 70% by 2050 and to extend the operating life-span of the City’s Mohawk Street Landfill Site (MSLS). To implement the Green Bin Program, Chapter 440 of the Brantford Municipal Code will need to be amended to contain specific criteria as to the operating practices and material preparation requirements for residents to participate in the organic waste collection program (Green Bin Program).

7.0 Corporate Policy Context

Implementation of the Green Bin program is a key element of the Vision and Long Term Strategy Framework adopted by Council in January 2022 as well as “Item 10. Build a greener Brantford” in the City of Brantford Council Priorities for 2023-2026.

8.0 Input From Other Sources

The By-law was prepared in coordination with Legal Services, Property Standards and By-law Enforcement Departments. Comments were received on this report from Finance, Clerks and Legal Services Departments.

Staff are also holding Ward meetings in the month of September in each of the five Wards to inform residents of the Green Bin program

9.0 Analysis

As a result of Council approving the new organic waste collection program, Chapter 440 of the Municipal Code By-law had to be amended to address resulting changes to curbside waste collection. The proposed amendments to Chapter 440 of the Municipal Code are intended to reflect the following;

- (i) requirements for operation of a weekly household organics collection program,
- (ii) defined enforcement measures and responsibilities related to contraventions of the By-law,
- (iii) set out bulky waste material as authorized under the special collection program schedule which provides curbside pickup twice a year (once between January to June and once between July to December)
- (iv) to participate in the City's Private Waste Services Rebate Program, Condominiums to submit the request 30 days in advance.

All of the required By-law changes for the above stated items are outlined in Appendix A.

10.0 Financial Implications

There are no financial implications directly associated with this report...

11.0 Climate and Environmental Implications

There is no climate or environmental implications directly associated with this report.

12.0 Conclusion

It is recommended that Council approve the amend Section 440 of the Municipal Code By-law to reflect operating practices and material preparation requirements for the public to participate in organic waste collection program.
