Re: Response to question at Committee of the Whole February 4, 2020: Item 6.1 All-Way Stop Control for Ewing Drive and Coronation Drive

This memorandum is prepared in response to the following questions raised by members of Council on the subject item under Resolutions.

1. Were other options investigated such as crossing beacon or school zone beacon?

   No other options were considered by staff as the direction to Staff from Council, through the resolution, was to change the intersection control to All-way Stop Control and prepare any necessary by-laws for presentation to council.

2. Was the No Parking on the East and West side of Ewing Drive a council directive?

   Yes, “No Parking” is by-lawed on both sides of Ewing Drive between Tollgate Road and Coronation Drive as per Council approval in May, 1970. “No Parking” on north of Coronation Drive to Balmoral Drive was added as part of the parking by-law consolidation in 1988.

Should you have any further questions on this matter they can be directed to Russ Loukes, P.Eng Director Engineering Services.
