Cannot justify another increase in 2022 as most of our services were not utilized the past year and a half. Increasing the fees again would be a big impact for our patrons, particularly for the bigger ticket items. The WGSC has some work to do to rebuild the customer-base back to previous numbers. As well, with the restrictions on capacity limits and the limited availability of classes and equipment, patrons have not been getting the full bang for their buck like they have pre-covid.
